Accuride Announces Investment in Aluminum Wheel Production Equipment

EVANSVILLE, Ind. – January 10, 2007 – Accuride Corporation (NYSE:ACW) today announced that it is investing approximately \$25 million in its aluminum wheel business. The investment includes two new, state-of-the-art hydraulic presses plus other tactical improvements to facilities and equipment.

“This investment represents both a long term commitment to our valued aluminum wheel customers and a significant milestone in the implementation of our strategic plan,” said Rick Klein, Vice President and General Manager of Accuride Aluminum Wheels.

“Accuride’s strategic plan focuses on providing our customers enhanced value through efficient, reliable capacity, outstanding quality and industry leading delivery performance.”

It has been tentatively decided to locate the new press cells in Erie, Pennsylvania. The new press cells will be installed in late 2007 and are expected to be operational by the first quarter of 2008. Additional changes to facilities and equipment are expected to be implemented during the second and third quarters of 2007.
