

3/16/2020

Dear Accuride Partner:

In recent days, there have been significant developments related to the COVID-19 coronavirus situation in many areas of the world, including school closures, a spike in cases, and decisions by major OEM customers and global suppliers to encourage remote work where possible.

As we seek to take prudent steps to ensure the health and safety of our employees, maintain the continuity of our operations, and act in a socially responsible manner, we are implementing a COVID-19 Visitor Questionnaire/Self Declaration related to screening visitors to help prevent the spread of COVID-19.

Effective immediately, all visitors entering Accuride facilities are required to complete this form. If any questions are answered "yes," access will be denied and the visitor will be asked to reschedule their meeting or make other arrangements.

We are following guidelines recommended by the Centers for Disease Control and Prevention (CDC), the World Health Organization (WHO), and other public health organizations and will conservatively do what is needed to protect our employees, business partners and visitors.

The safety, health and well-being of our team members, business partners, visitors and service providers will always be our top priority. Please feel free to reach out to your Accuride contact with any questions or concerns.

Thank you,

Accuride Corporation
