

# PRO SHIELD BLACK

A bold new look to the lightweight aluminum wheel

**BOLD | LIGHTWEIGHT | BLACK MATTE TREATMENT**

**Your only single source for industry-leading wheel end solutions.**  
STEEL & ALUMINUM WHEELS | DRUMS | HUBS | ROTORS | SLACK ADJUSTERS

## ProShield Black

Turn heads and add to the look of your reliable Accuride aluminum wheels with our ProShield Black coating. Accuride's ProShield Black takes the lightest aluminum wheels in the industry and gives them a styled matte "blacked-out" look.

A untreated mounting surface protects your wheel coating during wheel change operations and an uncoated flange area forgives minor scrapes from road/curb wear. The dual-sided treatment also allows for installation in any position on your truck or trailer and all XB wheels come equipped with matching black valve stems.

Complete the blacked-out look with Accuride's one-piece hub cover for inner or outer application. (Each sold separately). Contact your sales representative for details.

### SPECIFICATIONS

Part Number	Wheel Size	Bolt Holes	Bolt Circle (mm)	Center Bore (mm)	Offset	Weight (lbs)	Max Load (lbs)	Max Inflation (psi)
42644XB	22.5 x 8.25	10	285.75	220	6.59"	40	7400	131
