

## Accuride Wheels Dunnage Return Instructions

Accuride steel and aluminum wheel products are shipped on returnable plastic trays and bases that are to be returned to the appropriate facility.

Customer will return pallets once a full TL quantity is achieved or once per month at minimum. If pallets are not received in a timely manner, Accuride reserves the right to ship wheels on non-returnable pallets and may charge a \$5.00 per wheel packaging fee.

### Dunnage Return Process

Accuride wheel dunnage should be sorted into groups by size and type. Trays and bases need to be stacked and banded or wrapped so they can be unloaded safely.

#### Aluminum Wheels

- ▶ Shipped on solid color plastic trays (which may have a colored stripe)
- ▶ Red or black accompanying bases (which may have a colored stripe)
